

Privacy Policy

Your privacy is critically important to us. At SnipMail we have a few fundamental principles:

- We never store the content of your snippets!
- We don't ask you for personal information unless we truly need it. We too dislike services that ask you for things like your gender or income level for no apparent reason.
- We don't share your personal information with anyone except to comply with the law, develop our products, or protect our rights.
- We don't store personal information on our servers unless required for the on-going operation of one of our services.

Below is our privacy policy which incorporates these goals:

If you have questions about deleting or correcting your personal data please contact our support team.

codequest sp. z o.o. ("codequest") operates SnipMail. It is codequest's policy to respect your privacy regarding any information we may collect while operating our website.

This Privacy Policy covers codequest's treatment of personal information that codequest gathers when you use SnipMail. This policy does not apply to the practices of third parties that codequest does not own or control, or to individuals that codequest does not employ or manage.

Using data provided by Google

SnipMail uses data from Gmail inbox to allow its users to use services. SnipMail's use of information received from Google APIs will adhere to [Google API Services User Data Policy](#), including the Limited Use requirements.

Business transfers

If codequest or substantially all of its assets were acquired, or in the unlikely event that we go out of business or enter bankruptcy, user information would be one of the assets that are transferred or acquired by a third party. You acknowledge that such transfers may occur and that any acquirer of codequest may continue to use your personal information so long as it complies with the custodial obligations in this policy.

Changes to this Privacy Policy

codequest may amend this Privacy Policy from time to time, at its sole discretion. Use of information we collect now is subject to the Privacy Policy in effect at the time such information is used.

Conditions of Use

Any possible dispute over privacy is subject to this Privacy Policy and our Terms of Use, including, but not limited to, limitations on damages, arbitration of disputes, and application of Polish law.
